Visakhapatnam, Andhra Pradesh, India

OBJECTIVE

Passionate Computer Science student with a keen interest in machine learning and Python programming, I thrive on deciphering intricate logic puzzles and solving challenging problems. I actively engage in competitive coding, specializing in DSA problems using C++, and my enthusiasm for mathematics and logic drives my analytical approach. I am eager to leverage my skills to devise innovative, data-driven solutions and contribute meaningfully to organizational success.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering (CSE) with a specialization in Data Science, Gayatri Vidya Parishad College of Engineering Autonomous, [3rd year] – (2022-2026)
CGPA: 9.44

Intermediate (Sri Chaitanya Junior College-(2020-2022))
Percentage:97.4

10th Grade (S.F.S. High School-(2020))
Percentage:99

SKILLS

Technical Skills:

- **Programming:** C, Python, Basics of Java
- **Web Development:** HTML, CSS, JavaScript.
- **Data Analysis:** Weka, RStudio,Python.
- **Machine Learning Frameworks:** TensorFlow
- **Cybersecurity skills:** Basics of Kali Linux.

Soft Skills:

- Excellent communication and interpersonal skills.
- Ability to work effectively both independently and in team environments.
- Strong analytical and problem-solving abilities.

CERTIFICATIONS

- **Python**– Infosys Spring Board
- **Google AI-ML virtual Internship** – Eduskills
- **ML basics, Data visualization using python, Introduction to Java, Data Analytics using python**– edX
- **MSO, C language, C++** - Datapro
- **Ethical Hacking**-NPTEL
- **Basic Python Programming**-Hackerrank

PROJECTS

Data Analysis on Laptop Pricing Data set using Python.

- Performed Data analysis on a popular dataset and obtained key observations from the dataset.
- Used various plots, pipelines and performed train, test and prediction on the dataset.

Tic Tac Toe game using greenfoot.

- Developed a Tic Tac Toe game using the green foot software with the knowledge gained by learning the Java Course offered by UC3M through Edx platform.

Handwritten Digit prediction using MNIST.

- Performed Neural network on MNIST dataset to predict handwritten digits.

LANGUAGES

TELUGU	Native Proficiency
ENGLISH	Full Professional Proficiency
HINDI	Basic Understanding and communicating

HOBBIES & INTERESTS

- Knowing rules of various sports.
- Reading Newspaper.
- Story Writing.

DECLARATION

I hereby declare that all the above information provided about me is true and I will be responsible for any faulty information found.
